ADMISSION AND EQUIVALENCE COMMITTEES 2024/25

2nd CYCLE – Spécialisation in art – 4th year

Application deadline : August 22nd, 2024 (included)
Interviews and videoconferences : September 2nd and 3rd, 2024

The admission and equivalence committees allow students to join ESAPB throughout the course of the curriculum.

Candidates are invited to an online interview with a jury made up of the school's director and teaching staff, during which they present their portfolio.

The panel decides on the level of admission to the programme.

ADMISSIONS COMMITTEE

The admission committee is for students who have begun their studies at other art schools approved by the French Ministry of Culture.

Students are accepted on to the programme after being examined by a teaching committee during an online interview, based on a portfolio, provided that they have obtained the required credits and/or passed the exams.

Only candidates who have obtained all the credits will be able to register permanently at the School. Students in the process of obtaining credits may attend the commissions; registration becomes definitive on presentation of the certificate of credits.

EQUIVALENCE COMMITTEE

The equivalence committee applies to students who have completed a university course in the plastic or applied arts (passerelle Éducation Nationale/Ministère de la Culture) or who have completed one or more years of artistic studies in another higher education institution not accredited by the Ministry of Culture.
